

LAZER is primarily used with the chemical resistant LAZER pump sprayer. LAZER is not intended to be used in any other application sprayer.

#### AREAS OF USE

LAZER is intended for heavily soiled areas such as: amber trays in R2D2, oil caddy, sidewalks, drive thrus, fryer wheels, sides of fryers, baseboards, deck brushing, floor mats and grates.

*See Operations manual for a step by step list of cleaning instructions.*

#### DIRECTIONS

**Deck Brushing:** To reduce labor and time, fill LAZER pump sprayer from dema 651 dispenser located near mop sink. Place wet floor signs in visible view of customers. Fill mop bucket with 5 gallons of hot water only. Use pump sprayer to thoroughly spray a 10 to 15 ft section of floor. Gently brush floor to loosen soil. Absorb soil with mop. Rinse mop frequently in mop bucket. Change water in mop bucket when water becomes visibly soiled. Most dining room areas will require 3 mop buckets of hot water and 2 gallons of LAZER applied thru the LAZER pump sprayer.

## Hazard Information

LAZER is a premium blend of alkali detergents, solvents and surfactants. Its low foam properties reduce labor with fast rinsing and instant soil emulsification. Do not remove inserts. **To increase concentration, notify your Envirokleen representative.**

**Danger:** Causes severe skin burns and serious eye damage. Contains Potassium Hydroxide (CAS #1310-58-3) and 2-Butoxyethanol (CAS #111-76-2). Do not breathe dust or mists. Wash hands thoroughly after handling. Wear protective rubber gloves and chemical splash goggles or face shield when using this product. If inhalable particles of dusts or mists occur during use, wear NIOSH approved respiratory protection.

**If swallowed:** Rinse out mouth. Do NOT induce vomiting. Immediately call a poison control center or doctor for treatment advice.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor for treatment advice.

**If on skin (or hair):** Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. Call a poison control center or doctor for treatment advice if irritation persists.

**If inhaled:** Remove person to fresh air and keep comfortable for breathing. Call a poison control center or doctor for treatment advice.

Store in a locked location inaccessible to children. Dispose of empty container by offering for recycling if available, or into a landfill. Follow all applicable state and local regulations. Keep container closed when not in use. NEVER mix this product with anything except water. Consult Safety Data Sheet (SDS) for further information before use.

Always wear rubber gloves and chemical splash goggles when using this product
