

Provides immediate penetration and dissolving action upon lime scale, rust, oxidation, hard water scum and mineral deposits. Ideal for periodic delimiting of dishmachines or for removal of mineral deposit buildup on steam tables and other foodservice equipment and utensils. Contains a synergistic acid blend which works faster and safer than standard lime scale solvents. Highly dilutable for economical usage.

#### DIRECTIONS FOR USE

**For Delimiting Equipment or Utensils:** For soak or immersion cleaning, use 2-4 ounces per 2 gallons of warm water. For heavy scale buildup, use 4-8 ounces per gallon. Agitate surfaces with a brush or sponge to facilitate removal. Do not use on chrome, brass or other polished metal surfaces.

**For Delimiting Dishmachines:** Drain, flush and clean food residues out of machine. Close drain valves and charge tank with hot water. Add 4-8 ounces of Lime Off for each gallon of water, depending on amount of scale buildup. Turn on pumps and run machine until lime is removed or can be easily brushed or flushed away. Delime dishmachine weekly to assure best warewashing results and equipment performance. Do not use on chrome, brass or other polished metal surfaces.

#### Hazard Information

**DANGER:** Causes severe skin burns and serious eye damage. Contains Phosphoric Acid (CAS #7664-38-2). Do not breathe dust or mists. Wash hands thoroughly after handling. Wear protective rubber gloves and chemical splash goggles or face shield when using this product. If inhalable particles of dusts or mists may occur during use, wear NIOSH approved respiratory protection.

#### If swallowed:

Rinse out mouth. Do NOT induce vomiting. Immediately call a poison control center or doctor for treatment advice.

#### If in eyes:

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison control center or doctor for treatment advice.

#### If on skin (or hair):

Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. Call a poison control center or doctor for treatment advice if irritation persists.

#### If inhaled:

Remove person to fresh air and keep comfortable for breathing. Call a poison control center or doctor for treatment advice.

Store in a locked location inaccessible to children. Dispose of empty container by offering for recycling if available, or into a landfill. Follow all applicable state and local regulations. Keep container closed when not in use. NEVER mix this product with anything except water. Consult Safety Data Sheet (SDS) for further information before use.

**For Commercial Use Only • Keep Out of Reach of Children  
Keep From Freezing • See Hazard Warnings & Precautions Before Use**

Always wear rubber gloves and chemical splash goggles when using this product
