

The complete line of NOW Products (no ordering water) provides portion, and controlled cleaning concentrates with no waste. No Dispensers or maintenance of chemical equipment required. High efficiency, powder detergents are ideal for cleaning and degreasing soil build on hard surfaces. Each 0.5 ounce packet is 100% active cleaner. No water or inert ingredients are used; saving the end user money with shipping costs and storage space. Formulated with a fresh, natural deodorizer. Water soluble packets dissolve best in warm to hot water. When transforming the packet into a usable solution allow 10 to 15 seconds for each packet to dissolve.

AREAS OF USE: Multipurpose deep cleans fryers as a boil-out, fryer baskets and parts. Used as a pre-soak for soiled food equipment, it also removes coffee and tea stains in brewing equipment. Provides excellent results as a spray cleaner/degreaser. 1 packet per quart cleans windows, white walls, order boards, menu boards, CRT screens, POS equipment, salt and bag station near drive-thru window, stainless steel, porcelain, restroom tile and grout, table tops, bases and frames. 2 packets per quart is recommended for heavily carbonized soils near fryer sides, bases and wheels. Multipurpose is non corrosive and can be used to mop and deck brush quarry tile floors, concrete pads near entry ways of convenience stores and quick service establishments. Also used in auto-scrubbers and wet vacs. 1 to 2 packets of Multipurpose is effective enough for any task.

DIRECTIONS FOR USE

Spray Cleaning: Place packet into 32 ounce bottle. Slowly fill bottle with warm to hot water. Before placing trigger sprayer into bottle make sure the film encasing the packet is dissolved. For best results wait 10 to 15 seconds; allowing the packet sufficient time to dissolve

Mopping: Place packet in mop bucket, add 3 to 4 gallons of warm to hot water. Plunge mop into solution to dissolve detergent.
