

NIE is a premium quality detergent which is heavily fortified with soil emulsifiers, water conditioning agents, and special cleaning ingredients for excellent emulsification of grease. Rinse before sanitizing food contact surfaces.

AREAS OF USE: Blue serving trays, cooking utensils, daily cleaning of amber trays, coffee pots, brewing equipment, removable filters located near fryer vents, fryer baskets, daily cleaning of tables, seating, table bases, counters, lightly soiled surfaces and exterior windows.

DIRECTIONS FOR USE

For Institutional & Quick-Service Food Establishments: When regulations require a three (3) sink arrangement consisting of a detergent, a rinse and a sanitizing agent, use this product in the first sink compartment, clear water in the second sink compartment, and a sanitizer in the third sink compartment.

For Use in Hand Dishwashing or as a Pot & Pan Cleaner:

1. For normal cleaning conditions, use 1 ounce of NIE per sinkful of hot water.
2. Wash as usual, then rinse with hot water.
3. Sanitize and allow to air dry before storage or reuse.

Spray Cleaning: Fill NIE spray bottle using dispenser connected through 3 Compartment Sink.

Cleaning Exterior Windows: Fill window caddy with NIE at 3 Compartment Sink. Dip cleaning wand in solution and cover window in vertical and horizontal directions. Dry with squeegee and paper towel.
